

## Liquid Line Cylinder Grids (Magnetic Traps)

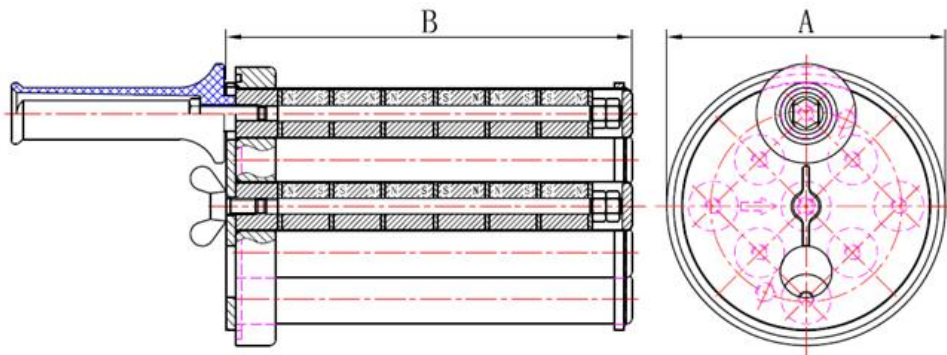

- Suitable for extracting fine ferrous contamination from liquid material production line;
- Connected ends could be flanged, threaded or others according to application;
- Easy-clean type could be provided on request.

### Regular Type

Cylinder version(regular type)			
ITEM No.	A (mm)	B (mm)	Weight (kg)
OEYF5R0001	125	200	8.08

Easy-Clean Type

Cylinder version(easy-clean type)

ITEM No.	A (mm)	B (mm)	Weight (kg)
OEYF5R0001A	140	204	8.02

- The housing of the traps could be supplied according to your existed pipeline.

- The shape of the trap as well as the number of magnetic bars could be designed and customized.

### Magnetic Grids by OeMag:

- Strong magnet circuit design, Max. surface Gauss value could achieve 12'000Gs;
- No "zero" magnetic area exist
- Waterproof and well polished magnetic bars;
- Easy-clean type and food grade can be provided on request;
- With Circular version, Rectangular version, and Cylinder version available to fit any size or shape of hopper;
